

4. **NOAH<sup>2</sup> NEWMAN** (1631-1678) contains 7 pages of documented town entries. Then transcriptions of many letters: Peter Hunt, Nathaniel Thomas, Rev. John Cotton, etc. (over 20 pages of letters with lots of details of troubles with Indians).

- 15 i. HENRY<sup>3</sup>.  
ii. SAMUEL<sup>3</sup> (1672-1677).  
iii. SIBELL (1675-1675).

I have two pages of notes on Henry Newman (**Henry\_Newman\_1775.PDF**) that says he died in England with no heirs. This was in a file for Hopestill. I think they did not figure out he died for quite some time and by then the Noah line was completely gone.
